

INTRODUCTION

TJD Building Contractors are a family owned and run business set up in 2002. We pride ourselves on going that “extra mile” to assist clients in achieving their dream home in all aspects, from beautifully appointed oak porches to home extensions or complete new build projects.

Since our formation eight years ago, we have proudly worked alongside many clients and architects producing what we feel, to be high quality and professional work which has been recognised by the “Federation of Master Builders” as being exceptional quality, and fairness of costs, with the firm being awarded the honour of winning the Eastern Region Master Builder of the Year 2008, together with a highly commended award by the same federation in 2010.

All our staff maintain a courteous and professional manner on site, keeping the site as clean and as safe as possible. Our dedicated team of directors, employed staff, and sub contractors work closely with our clients at all times to ensure the project is managed smoothly, efficiently and to the total satisfaction of our clients wishes.

We are proud and very grateful that a number of our clients have taken the time to compliment us on our exacting standards of workmanship, and clients care, and within this document you will find a few independently written clients testimonials for wish we are extremely grateful.

The Team at TJD Building Contractors Limited look forward to being of assistance on YOUR project, and you can be assured of a dedicated, efficient and professional service from us all.

As Managing Director I am extremely proud of our standards and ethics, and personally oversee each clients project from the initial meeting through to the completion.

I offer all clients my personal assurance that we always endeavour to exceed their expectations, and am extremely grateful to those clients who have written testimonials (which are included within this document) relating to the overall quality and professionalism of all services offered by TJD.

TJD Building Contractors is a successful family run and owned business, our dedicated team of workmen, craftsmen and internal personnel have been handpicked to ensure that your building project runs as smoothly as possible.
